CLEAR \$1,100 AT CHARITY BALL.

The sum of \$1,100 was cleared by the Davenport Woman's club at the big charity ball given last evening in the Davenport Coliseum. This money will apply on the fund being collected for a summer rest cottage conducted by the club and a permanent building fund for the club's use. The affair was attended by 600 people and proved a delightful one. The grand march at 9:30 was led by Mayor and Mrs. Alfred Mueller, the latter being president of the club, next in line coming the officers and committees of the club and their husbands. The coliseum had not been decorated especially for the occasion, trimmings from a previous party having been left up for the affair of last night. There were many lovely costumes worn and the picture made by the dancers was very beautiful. During the evening refreshments were served in the balcony at small tables trimmed with flowers. At the charity ball last year conducted by the club \$1,046 was cleared.

Notstein, the president, presided and was the first speaker. He told of general conditions that prevailed in the years 1914-1915 and divided the unemployment into three groups: men who want work and cannot get it; those who can work and do not want it and those who are physically unfit for work. He also spoke of the unfitness of men for work and gave instances to show his point and advocated also vocational training schools for men.

He spoke too, of the welfare work that has been started to assist men in procuring work and of the social service work that is being carried on in many of the great factories of the country where lunch is served with a cup of good coffee and this often serves

to take the place of alcoholic drinks to the use of which many of the men are addicted.

Dr. J. W. Stewart told of the efforts of the local free employment bureau and of the good that the institution is doing. It serves to assist the employer in finding the right man and the employee the right place. HEART and HOME PROBLEMS

MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: (1) There is a boy in high school whom I like very much, but my parents object to his calling upon me. Would it be proper for me to meet at his sister-in-law's?

(2) I do not indulge in kissing games at parties. Do boys respect girls who do not?

(3) Do you think a party of boys and girls about fifteen and sixteen years old too young to go on a straw ride?

(4) When a girl is kissed against her will what should she do?

(5) Would it be all right to give a skating party for a few boys and girls?

(6) When walking to a pond should the boy carry the girl's skates?

(7) Should a boy and girl go coasting together?

(8) Should a girl of 15 accept a birthday present of a box of candy from a boy of 16?

(9) Should a boy and girl 16 years of age, go to the theatre?

PEG 'O MY HEART.

(1) It would not be proper for you to meet him anywhere since your parents object to him.

(2) Children playing kissing games without the matter of respect entering into the question. The right kind of a boy would not respect a high school girl who indulged in such games.

(3) They should have the straw ride in the day time.

(4) She should make it clear to the boy that if he does so again he must lose the privilege of calling.

(5) Yes. (6) He should. (7) In the day time. (8) Yes. (9) No.

Dear Mrs. Thompson: I am deeply in love with a woman and she says she loves me and would marry me, but her people tell her it is wrong and against their religion to marry as long as her first husband is living. Although she is divorced from her first husband and has been for two years. Do you think it would be wrong for her to marry? She is a young woman and has to work hard for a living and I am willing to marry her and make her living for her. She is 30 years old and I am 38. Do you

think her marrying again would be a sin?

Personally I do not think it would be wrong for her to marry again. We are living our lives to make them as happy and useful as we can, and if you and she really love each other it will be to the advantage of both to marry. Her first marriage was a mistake, which should teach her not to marry again unless she and the man are congenial and conditions are favorable for marriage; but the old mistake should not blunt her life and prevent her from realizing the happiness she was denied before.

Dear Mrs. Thompson (1) What will take blue pencil marks out of white linen goods?

(2) What is the style of fixing the hair now?

(1) They will wash out after several washings. Usually they disappear the first time, but if they do not there is nothing that will remove this quickly.

(2) The style is to wear it straight back from the forehead, down over the ears and in a psuche at the back of the neck. This is not becoming to many people.

Dear Mrs. Thompson: (1) I am a girl 17 years of age and I went with a boy for about a month. He seemed to care a great deal for me. At different times I have seen him while with other boys. Afterward he would treat me coolly and I treated him the same. He doesn't go with me any more. Quite often I see him at dances and at other places. He barely speaks. I don't want to lose this boy's friendship. Do you think him jealous? THANK YOU.

You have mentioned nothing that would give him reason to be jealous. He has probably found some one that he likes better than he does you. Speak to him in a friendly way, but do nothing that would give him reason to think you are still interested in him.
